## PROFILE

I am a 4th-year computer engineering student with a strong passion for programming and computer science. I am enthusiastic about web and mobile application development and enjoy exploring artificial intelligence and machine learning. I continuously strive to expand my knowledge through hands-on experience and aim to develop technological solutions that make a real difference.

On my GitHub profile, I share several personal and academic projects that demonstrate my skills in software development, including mobile apps built with Flutter, web applications, and algorithm-based problem-solving.

## EDUCATION

Sakarya University – Computer Engineering (2021 – 2025)

Relevant Courses: Data Structures, Algorithm Analysis and Design, Software Engineering, Database Systems, Web Application Development

## TECHNICAL SKILLS

Programming Languages:

C, C++, C#, Java, Python, JavaScript, PHP

Application Development:

Flutter, React Native

Web Development:

HTML, CSS, PHP, JavaScript

Databases:

MySQL, SQL Server

Tools & Frameworks:

Git, Visual Studio, Android Studio

Operating Systems:

Windows, Linux

## **PERSONAL SKILLS**

- Teamwork
- Problem-solving
- Communication skills
- Time management

## **EXPERIENCE**

- Summer internship at a software company
- Software projects completed within the university curriculum

## **LANGUAGES**

- Arabic (Native)
- Turkish

## **INTERESTS**

- Reading technical articles
- Developing personal projects
- Strategy games
- Volunteering in student clubs
